# **MEMORANDUM**

**Louisville-Jefferson County Metro Government**

**Community Development Cabinet  
Planning and Design Services**

**To: Councilwoman Julie Raque-Adams**

**From: Mohammad Nouri, Assistant Director**

**Subject: Hurstbourne Area Transportation Study  
and Small Area Plan**

**Date: February 01, 2006**

The Hurstbourne Area Transportation Study and Small Area Plan is progressing as planned, in accordance with the Scope of Project developed in concert with your office, the Study Advisory Team, our consultant, Gresham Smith & Partners (GS&P) and Planning and Design staff.

Based on the scale of this project and the tasks outlined in the scope, an additional \$15,000 is needed to complete both components: the transportation study and the small area plan. Additional funding will allow us to address the small area plan elements emphasized in the amended scope of project.

This memorandum serves as a request to allocate \$15,000 to be funded through your office for the work program described above. Funding needs to be in place soon in order to amend the current PSC and allow GS&P to proceed with the small area plan.

Please feel free to contact me if you need any additional information or have any concerns regarding the study.
